

Ministry: Caring

Leader: T.Y. & Jean C. Lee

Vision: *To ensure that ALL adult English congregation members are cared for by the Pastor(s), Elder(s), fellowship group leaders or peer caregivers.*

<b>Where We Are</b>	<b>Where We Want To Be</b>	<b>How to Get There</b>
We have 1 Elder and 1 college ministry director who are responsible for member visitations and counseling.	We will have 2 Elders and 1 pastor and 1 college director by 7/2010	Pastor(s) and Elder(s) will initiate regular visitations to the coworkers first, then other members.
We have 2 youth pastor/director to care for the youth sponsors and Sunday school teachers	That all youth coworkers receive adequate care and support and have their own "fellowship group".	Recruit more adult volunteers to befriend the youth workers and be their "caregivers" also.
We currently have 7 fellowship groups with about 70 participants. Fellowship groups leaders are primarily the caregivers to their members.	More functioning and stable fellowship groups. More members are participating in at least one fellowship group.	Each fellowship group will have more leaders/caregivers who will care for every member in the group.
We have about 40 members --- who do not belong to any fellowship groups--- been assigned "peer caregivers" to care for them.	Our goal is for <i>everyone</i> to be cared for by at least one peer caregiver regularly.	More teaching from the pulpit about caring for one another and mutual accountability.
